1. **Symbol, Number, or Score in the Rating Scale used by HR Ratings as required by Paragraph (a)(1)(ii)(A) of Rule 17g-7:**

Entity/Instrument	Rating Action	Rating Type	Rating Code
Central Texas Regional Mobility Authority Senior Lien Revenue Bonds	Withdrawal	Long Term Rating	Withdrawal
Central Texas Regional Mobility Authority Subordinate Lien Revenue Bonds	Withdrawal	Long Term Rating	Withdrawal

2. **Version of the Procedure or Methodology used to determine the credit rating as required by Paragraph (a)(1)(ii)(B) of Rule 17g-7:**

The rating assigned by HR Ratings to the instruments is based in accordance with the following methodologies established by the rating agency:

- Methodology for Infrastructure: Rating for Debt Backed by Revenues from the Operation of Highways, Tunnels and Bridges, November 6, 2015

[https://www.hrratings.com/docs/metodologia/0Metodologia%20para%20Infraestructura%20\(eng\)%20impio1.pdf](https://www.hrratings.com/docs/metodologia/0Metodologia%20para%20Infraestructura%20(eng)%20impio1.pdf)

3. **Main assumptions and principles used in constructing the procedures and methodologies to determine the credit rating as required by Paragraph (a)(1)(ii)(C) of Rule 17g-7:**

The bonds rated are paid with the revenues derived from the operation of the toll roads owned by the Central Texas Regional Mobility Authority (CTRMA and/or the Authority). Therefore, the methodology mentioned before is based on the evaluation of the credit quality of the flows generated by toll collection in the roadways.

The quantitative analysis starts with the preparation of a base financial scenario, which incorporates assumptions regarding the following: traffic and its composition, the corresponding growth rates, the operating and maintenance expenses for the project, and the taxes, among other factors. These assumptions are used to determine the expected cash available for debt service. Also, the debt servicing is projected according to the characteristics of the debt profile, including the interest rate, the amortization curve, the designation of the reserve funds, and the existence of financial derivatives, among other characteristics. These processes are applied taking into consideration the base macroeconomic assumptions prepared by HR Ratings. The relevant variables are projected considering the legal maturity date.

After preparing the base financial scenario, the stressed financial scenario is developed. The stressed scenario considers the maximum drop in traffic and revenue, without defaulting on the financial obligations (breaking point) to determine the structures' ability to pay. It is important to mention that the flows under this scenario incorporate a cyclical projection for traffic. The stressed scenario incorporates the economic and financial assumptions made by HR Ratings representing the least favourable impact on the operation, including interest rates, exchange rates, and inflation.

The Annualized Stress Rate (ASR) is the core metric from which the results of the quantitative analysis are drawn. This metric result from the calculation of the maximum annualized cumulative difference expected between the revenue, in real terms, under the stressed scenario and under the base scenario. This rating could be upgraded or downgraded based on the identified risks or credit enhancements. Such attributes are aspects that, due to their nature, are not included in the base and stressed financial scenarios, and thus they are included as qualitative adjustment considerations.

- Qualitative Adjustments to the initial rating:

The assigned ratings also consider the possibility that the CTRMA could issue additional debt in the future, as well as the inherent construction risk of ongoing and future projects that could be incorporated into the System. Furthermore, HR Ratings regards as a potential risk the fact that the provisions for the Renewal and Replacement Fund are made subsequent to the Senior and Subordinated debt service.

4. Potential limitations of the credit rating as required by Paragraph (a)(1)(ii)(D) of Rule 17q-7

- HR Ratings does not validate, guarantee or certify the accuracy, correctness or completeness of any information and is not responsible for any errors or omissions or for results obtained from the use of such information.
- Ratings and/or opinions assigned by HR Ratings are based on an analysis of the creditworthiness of an entity, issue or issuer, and do not necessarily imply a statistical likelihood of default.
- The credit ratings do not opine on the liquidity of the issuer's securities or stock.
- The credit ratings do not consider the possible loss severity on an obligation default.
- The credit ratings are not an opinion of the market value of any issuer's securities or stock, or the possibility that this value suffer a deterioration.

5. Information on the uncertainty of the credit rating as required by Paragraph (a)(1)(ii)(E) of Rule 17q-7

The withdrawal of the rating is result of the request by the Central Texas Regional Mobility Authority (CTRMA and/or the Authority) not to continue with the analysis process. The Analysis Committee noted no material limitations on the reliability, accuracy and quality on the data relied on in determining the credit rating.

The Analysis Committee noted no material limitations on the scope of historical data or on the accessibility to certain documents or other information that would have better informed any credit rating listed in this disclosure form.

The ratings and/or opinions assigned are issued on behalf of HR Ratings, not of its management or technical staff, and do not constitute an investment recommendation to buy, sell, or hold any instrument nor to perform any business, investment or other operation. The assigned ratings and/or opinions issued may be subject to updates at any time, in accordance with HR Ratings' methodologies.

6. Use of third party due diligence services as required by Paragraph (a)(1)(ii)(F) of Rule 17q-7

HR Ratings did not use third party due diligence services for the rating actions listed on Page 1.

7. Use of servicer or remittance reports to conduct surveillance of the credit rating as required by Paragraph (a)(1)(ii)(G) of Rule 17q-7

HR Ratings does not use Servicer or Remittance Reports to conduct surveillance of the rating actions listed on Page 1.

8. Description of types of data about any obligor, issue, security or money market instrument relied upon for determining credit rating as required by Paragraph (a)(1)(ii)(H) of Rule 17q-7

The reporting of obligor, security or money market instrument does not apply to any of the credit rating actions listed in this disclosure form.

9. Overall assessment of quality of information available and considered in determining credit rating as required by Paragraph (a)(1)(ii)(I) of Rule 17q-7

No additional information was used for the credit rating actions listed in this disclosure form

10. Information relating to conflicts of interest as required by Paragraph (a)(1)(ii)(J) of Rule 17q-7

The rating was solicited by the entity or issuer, or on its behalf, and therefore, HR Ratings has received the corresponding fees for the rating services provided. The following information can be found on our website at www.hrratings.com: (i) The internal procedures for the monitoring and surveillance of our ratings and the periodicity with which they are formally updated, (ii) the criteria used by HR Ratings for the withdrawal or suspension of the maintenance of a rating, (iii) the procedure and process of voting on our Analysis Committee, and (iv) the rating scales and their definitions.

The ratings and/or opinions granted are issued on behalf of HR Ratings and not of its management or technical personnel and do not constitute recommendations to buy, sell or maintain any instrument, or to carry out any type of business, investment or operation, and may be subject to updates at any time, in accordance with the HR Ratings classification methodologies.

11. Explanation or measure of potential volatility to the credit rating as required by Paragraph (a)(1)(ii)(K) of Rule 17q-7

Do not apply to any of the credit rating actions listed in this disclosure form.

12. Historical performance and expected probability of default and expected loss in event of default as required by Paragraph (a)(1)(ii)(L) of Rule 17q-7

Our credit ratings need to be understood as rankings of the relative creditworthiness of different entities or credits. Creditworthiness takes into consideration both the ability and willingness to meet debt obligations in the manner prescribed in the relevant documentation. Default refers to the noncompliance of previously agreed obligations. As our ratings measure relative creditworthiness they do not necessarily reflect any specific statistical probability of default. In order to make more valid rankings of creditworthiness our different methodologies will apply stress case scenarios to complement our base case analysis.

For historical performance of each rating listed in the disclosure form, click on the link in the ratings table presented on the first page.

13. Assumptions made by HR Ratings in determining announced credit ratings and examples of how assumptions impact the rating as required by Paragraph (a)(1)(ii)(M) of Rule 17q-7

Assumptions do not apply to any of the credit ratings actions listed in this disclosure form.

14. Representations, warranties and enforcement mechanisms available to investors as required by Paragraph (a)(1)(ii)(N) of Rule 17q-7

The reporting of representations, warranties, and enforcement mechanisms does not apply to any of the credit rating actions listed in this disclosure form.

Credit Rating Attestation

I, Roberto Ballinez Ambriz have the responsibility for this rating action and, to the best of my knowledge:

- No part of the credit rating was influenced by any other business activities;
- The credit rating was based solely upon the merits of the obligor, security, or money market instrument being rated; and
- The credit rating was an independent evaluation of the credit risk of the obligor, security, or money market instrument

*HR Ratings, LLC (HR Ratings), is a Credit Rating Agency registered by the Securities and Exchange Commission (SEC) as a Nationally Recognized Statistical Rating Organization (NRSRO) for the assets of public finance, corporates and financial institutions as described in section 3 (a) (62) (A) and (B) subsection (i), (iii) and (v) of the US Securities Exchange Act of 1934.

The rating was solicited by the entity or issuer, or on its behalf, and therefore, HR Ratings has received the corresponding fees for the rating services provided. The following information can be found on our website at www.hrratings.com: (i) The internal procedures for the monitoring and surveillance of our ratings and the periodicity with which they are formally updated, (ii) the criteria used by HR Ratings for the withdrawal or suspension of the maintenance of a rating, (iii) the procedure and process of voting on our Analysis Committee, and (iv) the rating scales and their definitions.

HR Ratings ratings and/or opinions are opinions of credit quality and/or regarding the ability of management to administer assets; or opinions regarding the efficacy of activities to meet the nature or purpose of the business on the part of issuers, other entities or sectors, and are based exclusively on the characteristics of the entity, issuer or operation, independent of any activity or business that exists between HR Ratings and the entity or issuer. The ratings and/or opinions assigned are issued on behalf of HR Ratings, not of its management or technical staff, and do not constitute an investment recommendation to buy, sell, or hold any instrument nor to perform any business, investment or other operation. The assigned ratings and/or opinions issued may be subject to updates at any time, in accordance with HR Ratings' methodologies.

HR Ratings bases its ratings and/or opinions on information obtained from sources that are believed to be accurate and reliable. HR Ratings, however, does not validate, guarantee or certify the accuracy, correctness or completeness of any information and is not responsible for any errors or omissions or for results obtained from the use of such information. Most issuers of debt securities rated by HR Ratings have paid a fee for the credit rating based on the amount and type of debt issued. The degree of creditworthiness of an issue or issuer, opinions regarding asset manager quality or ratings related to an entity's performance of its business purpose are subject to change, which can produce a rating upgrade or downgrade, without implying any responsibility for HR Ratings. The ratings issued by HR Ratings are assigned in an ethical manner, in accordance with healthy market practices and in compliance with applicable regulations found on the www.hrratings.com rating agency webpage. There Code of Conduct, HR Ratings' rating methodologies, rating criteria and current ratings can also be found on the website.

Ratings and/or opinions assigned by HR Ratings are based on an analysis of the creditworthiness of an entity, issue or issuer, and do not necessarily imply a statistical likelihood of default, HR Ratings defines as the inability or unwillingness to satisfy the contractually stipulated payment terms of an obligation, such that creditors and/or bondholders are forced to take action in order to recover their investment or to restructure the debt due to a situation of stress faced by the debtor. Without disregard to the aforementioned point, in order to validate our ratings, our methodologies consider stress scenarios as a complement to the analysis derived from a base case scenario. The rating fee that HR Ratings receives from issuers generally ranges from US\$1,000 to US\$1,000,000 (or the foreign currency equivalent) per issue. In some instances, HR Ratings will rate all or some of the issues of a particular issuer for an annual fee. It is estimated that the annual fees range from US\$5,000 to US\$2,000,00 (or the foreign currency equivalent).
